'Since starting dealing with Lorraine at No Letting Go in 2009 we have found her to be extremely reliable professional and above all diligent at all times.

Lorraine possesses the "can do attitude" always and has never let us down even when we have been under pressure and asked for an Inventory and Check in to be compiled within a few hours notice.

Lorraine always delivers the type of service that we strive to deliver ourselves industry, we would have absolutely no hesitation whatsoever to recommend Lorraine to any fellow professional.

Lastly I sincerely hope that we will be dealing with Lorraine for many years to come as she is by far the best Inventory clerk we have dealt with over the last 12 years'.

'Yes we do use No Letting Go for a number of their services in our Sidcup office, but it's the professionalism and general attitude and demeanour of Lorraine that makes her such a pleasure to work with.

Lorraine always goes that extra mile and nothing is ever too much trouble for her, and is always ready to offer help and advice to our staff.

She is very efficient and her reports are always delivered to the highest standard, both of which are never compromised.

The management and staff at Andrews Lettings & Management look forward to continuing an enjoyable working relationship with Lorraine into 2011 and beyond.

'We have been working with Lorraine since September 2010 and she has always provided a great service. Appointments are booked in very quickly and any amendments to these are accommodated for straight away. We have been fitted in for emergency appointments at the last minute and when needed any special requirements adhered to. The reports come through very quickly and are to a high standard and if we have had any queries they are answered straight away. We are always informed of any urgent issues at the property that Lorraine may pick up whilst carrying out an Inventory which is a great help'
