This company and the people who work for it are very Professional, Prompt, Polite and Hard working. We have had Inventory Companies work for us in the past but feel that we get Good value for Money with Chris and his Team.

We can always count on this Team of Inventory Clerks to go the extra mile as we have, on many occasions, needed a very quick turnaround and they have always accommodated us without question, thereby meeting high demands placed upon the industry.

Our Land Lords have commented on the high standard and detail of the Inventories and their professional appearance. This in turn ensures that there is no ambiguity when it comes to releasing the Security Deposit.

‘Having used 3-4 inventory companies over the last 7 seven years I am happy to say that 'No Letting Go' have far exceeded my expectations. The standard of work, attention to detail and presentation are excellent. Their inventories are user friendly for tenants and agents and they always accommodate us despite the fact that sometimes we make requests at short notice..... ‘

Since commencing trading in June 2007, Martin & Co (Gravesend) have used the inventory service of No Letting Go.

Inventories are an increasingly important part of the protection that Landlords require since the new Tenants Deposit legislation came into effect in April 2001.

We have found that No Letting Go provide a quality produce at a price that Landlords find acceptable and the level of detail included in the inventories assists greatly at Check out time.

As well as the high standard of the reports, No Letting Go has consistently demonstrated their friendly, professional and flexible approach.

Martin & Co (Gravesend) have used No Letting Go exclusively for inventory preparation and in the last year have had no cause to look elsewhere.

Knowing that the document is accurate and will support any claim made admirably makes for a more restful nights sleep for both Landlord and Agent.

I have no hesitation in recommending the services of No Letting Go for these reasons.
